Interviewee 1 – (male, over 60, retired, doctor, USA)

1. What do you think the BEST thing about facial recognition technology?
   （你认为面部识别技术最好的方面是什么呢？）
   I think the best part of facial recognition technology is the possibility of identifying lawbreakers and bringing them to justice quickly.

2. What do you think the WORST thing about facial recognition technology?
   （你认为面部识别技术最坏的方面是什么呢？）
   I am most concerned that the facial recognition data won't be kept secure, and then used for negative purposes.

3. Does your behavior change when you realize that you are in surveillance with facial recognition technology? Why or why not?
   （你的行为举止会因为处于监控区域有所改变吗？为什么？）
   My behavior doesn't change, but I am a bit more relaxed knowing that video surveillance could keep me safer because the environment is being monitored.

4. Have you had any real-life experiences or heard any real stories about the use of facial recognition technology?
   （你是否有关于人脸识别的使用在真实的生活经历中或者听说过什么故事？）
   I have heard stories about how the technology can be used to speed up going through security or getting on mass transit.

5. Have your attitudes changed about facial recognition technology due to COVID-19 pandemic? Why or why not?
   (你对人脸识别技术的态度因为新冠流行病改变了吗？为什么？)
   I am even more supportive of facial recognition technology since COVID, because it could be used for contact tracing—identifying and then communicating with persons exposed to a known COVID carrier. It could help shut down the next virus outbreak much more quickly.

Interviewee 2 (male, 30-40, engineer, bachelor, China)

1. What do you think the BEST thing about facial recognition technology?
   （你认为面部识别技术最好的方面是什么呢？）

   （你认为面部识别技术最坏的方面是什么呢？）

   身份信息识别，阶层区别待遇；
   < Translation: Identification information, differentiated treatment by class>

3. Does your behavior change when you realize that you are in surveillance with facial recognition technology? Why or why not?
   （你的行为举止会因为处于监控区域有所改变吗？为什么？）

   会，担心影响个人征信相关；
   <Translation: Yes, I worried about affecting personal credit. >

4. Have you had any real-life experiences or heard any real stories about the use of facial recognition technology?
   （你是否有关于人脸识别的使用在真实的生活经历中或者听说过什么故事？）

   地铁站人脸识别协助在逃人员抓获；
   <Translation: Facial recognition at subway stations assists in the capture of fugitives.>

5. Have your attitudes changed about facial recognition technology due to COVID-19 pandemic? Why or why not?
   (你对人脸识别技术的态度因为新冠流行病改变了吗？为什么？)

   有助于人员行为路径跟踪，划分区域风险等级。
   < Translation: It is helpful to track personnel travelling paths and divide regional risk levels.>

Interviewee 3 (20-30, female, pharmacist, bachelor, China)

1. What do you think the BEST thing about facial recognition technology?
   （你认为面部识别技术最好的方面是什么呢？）

   乘坐高铁、火车等公共交通时的人脸识别检票的方式非常方便以及手机支付时的人脸识别支付。

   <Translation: When taking public transportation such as high-speed rail, train, etc., the method of facial recognition to check the ticket is very convenient, and the facial recognition method of mobile payment is very convenient.>

2. What do you think the WORST thing about facial recognition technology?
   （你认为面部识别技术最坏的方面是什么呢？）

   在这个网络发达的时代，个人信息容易暴露。

   <Translation: In this age of advanced Internet, personal information is easily exposed.>

3. Does your behavior change when you realize that you are in surveillance with facial recognition technology? Why or why not?
   （你的行为举止会因为处于监控区域有所改变吗？为什么？）

   可能不会，因为现在的现实生活中，基本上公共场合都是处于监控设备之下的，已经比较习惯了，并没有对个人的行为方式造成什么影响。

   <Translation: Probably not, because in real life nowadays, public places are basically under surveillance equipment, and I have become more accustomed to it, and it has no effect on personal behavior.>

4. Have you had any real-life experiences or heard any real stories about the use of facial recognition technology?
   （你是否有关于人脸识别的使用在真实的生活经历中或者听说过什么故事？）

   用手机付款时通过人脸识别支付。

   <Translation: I use face scan payment on shopping by phone.>

5. Have your attitudes changed about facial recognition technology due to COVID-19 pandemic? Why or why not?
   (你对人脸识别技术的态度因为新冠流行病改变了吗？为什么？)

   有改变。疫情期间，因为戴了口罩，在乘坐高铁等进行人脸识别检票时，需要摘一下口罩。感觉增加了风险。

   < Translation: There are some changes. You have to wear a mask during the COVID-19 pandemic, it is necessary to take off the mask when taking a high-speed train then face recognition can recognize you. Feeling the risk of infection getting higher.>

Interviewee 4 (male, 50-60, lawyer, doctor, Netherlands)

1. What do you think the BEST thing about facial recognition technology?
   （你认为面部识别技术最好的方面是什么呢？）
   Easy identification, without additional input or cognitive functions.

2. What do you think the WORST thing about facial recognition technology?
   （你认为面部识别技术最坏的方面是什么呢？）
   Breaching privacy (all depends on the purpose).

3. Does your behavior change when you realize that you are in surveillance with facial recognition technology? Why or why not?
   （你的行为举止会因为处于监控区域有所改变吗？为什么？）
   No change, no illegal or embarassing behavior, that is why and why not I think my profile (face) is not in that many databases, so no match.

4. Have you had any real-life experiences or heard any real stories about the use of facial recognition technology?
   （你是否有关于人脸识别的使用在真实的生活经历中或者听说过什么故事？
   Experience: unlocking my phone
   Heard stories about Shenzhen, detecting illegal or anti social behavior (loosing citizen points), creepy and worrisome. NO real life stories, just documentary on tv.

5. Have your attitudes changed about facial recognition technology due to COVID-19 pandemic? Why or why not?
   (你对人脸识别技术的态度因为新冠流行病改变了吗？为什么？)
   I became more concerned about privacy (health information), misuse of the technology and about the accuracy of the technology.
   BIG BROTHER IS WATCHING YOU. Depends on who big brother is, and what are his purposes
